A LEGACY OF QUALITY

Rasim Exports is founded in context to quality and dedication, with each garment reflecting **employees' hard work and passion** through strong **customer connections**.

Since Rasim's inception, the company has grown steadily through effective management and robust export strategies, ensuring high product standards.

Today, Rasim produces over **400,000+** garments annually for the global brands, showcasing efficient management, consistent scaling and quality.

MISSION

From 2002, when Rasim was started as a small shirt manufacturer entering into the apparel market, we have come a long way expanding our business into various products such as dresses, jumpsuits, bottoms, kids and infant clothing for Men, Women, Boys & Girls. While we have grown in scale, the core mission still remains unchanged: *"Placing customers at the heart of everything we do"*.

VISION

Rasim guarantees fashion that breaks down barriers by eliminating wastes and adopting various sustainable and eco friendly practices throughout the factory. Leveraging strong marketing expertise, our company continuously enhances its offering, ensuring global buyers to find the clothing they love.
